More than 30 years of
Product Excellence

AVAILABILITY

DURA-SEAL automotive protection products are manufactured and warranted by TF Group Ltd and are available through authorised dealers throughout New Zealand.

SERVICE

If you require advice or service for an incident covered under the terms of the product warranty you must call our customer service team within 7 days of the incident occurring.

TF Group is a New Zealand owned company and has supplied Superior Protection Products to the Automotive Industry since 1992, and remains the pre-eminent market supplier.

DURA-SEAL Ceramic Paint Protector is based on technology developed by the US space and defence industries to provide resistance against chemicals and extreme heat.

After a decade of trials and development DURA-SEAL now offers you a superbly durable product that will maintain your vehicle's appearance for longer than ever.

Only the latest technology and resins are used in the manufacture of **DURA-SEAL Leather and Fabric** Protection products. Both products are manufactured in New Zealand and provide an unsurpassed level of automotive interior care.

TF Group is constantly involved in new product development enabling us to offer the finest products of their type supported by outstanding customer service.

DURA-SEAL

Protect your vehicle
for a lifetime

PAINT - FABRIC - LEATHER

Protect your new vehicle for a lifetime of ownership!

Protects your car
and
the environment

CERAMIC PAINT PROTECTION

DURA-SEAL Ceramic Paint Protection provides the most up to date paint protection technology for your new vehicle. You will never have to wax or polish your vehicle again!

DURA-SEAL Ceramic Paint Protector forms a durable scratch reducing finish which bonds (polymerises) permanently to your vehicle's clear coat. Forming an invisible barrier between the paintwork and the elements, protecting your paintwork against the harsh effects and damage caused by acid rain, sea salt, bird droppings, tree sap and reduces the effect of UV rays by helping to keep the automotive clear coat intact.

- Relax, your car will wash like a dream.
- Protects against bird droppings, tree sap, acid rain and many other contaminants.
- No need to wax or polish your car again.
- Environmentally friendly, no harsh wash product or conservatives required.
- Protects the clear coat - reduces the impact of UV light.
- Recognised by leading insurance companies.

FABRIC PROTECTION

DURA-SEAL Fabric Protector is a particularly robust product. Manufactured in New Zealand since 1987 specifically for the motor vehicle industry.

For the past 2 decades, as technology has improved so has **DURA-SEAL**, meaning that you can rest assured that your vehicle will be protected by the most current technology available. Never again devalue your vehicle due to unsightly stains on your fabric or carpets.

DURA-SEAL Fabric Protector will penetrate and surround every fibre creating an invisible barrier that protects your fabric or carpets from spills and stains for a lifetime.

- Resists everyday soiling and prevents spills from permanently staining your fabric.
- Helps your upholstery to retain its new look for longer.
- Saves you time and money by making your interior fabrics easy to clean.
- Odour free, non allergic and child safe.

*Some fabrics can demonstrate varying degrees of visual repellency depending on construction. Stain release does not vary.

LEATHER PROTECTION

Leather upholstery, an appointment that used to be found only in luxury vehicles is now a popular option for many vehicles.

As directed in your owner's manual, leather upholstery requires regular cleaning and protection to retain its look and suppleness and to remove spills, marks and the soiling caused by body oils and perspiration.

Accidents happen. Your **DURA-SEAL Leather Protection** warranty also includes a service plan that covers repairs for incidents of accidental stains or damage to your leather upholstery. Enhancing the resale value of your vehicle.

- Prevents premature ageing of your leather, helps reduce cracking and helps to retain suppleness.
- Removes and protects against everyday soiling & spills.
- Repairs incidents of accidental damage such as -Cuts - Scratches - Burns - Ballpoint ink.
- Saves you time cleaning your leather upholstery.
